acquisition, which has been approved by the Bangalore City Municipal Council, is to maintain certain Samadhies existing in the locality and the property involved in the acquisition appears to be required for a public purpose.

3 Sivaganga Math authorities are also interested in the proposed acquisition and are willing to bear the acquisition charges. This does not seem to alter the fact that the proposed acquisition is one of public purpose

If approved the Govt Advocate may be consulted in the matter.

9 The expression "public purpose" is nowhere defined in the Code and the question as to what is a public purpose is left to the absolute discretion of Government.

9 Post S. 6 of the regulation lays down a certain test, viz., whether the purpose is one which justifies the Expenditure of public funds, and in a recent case it has been decided by the Chief Court that if this condition is not satisfied, the declaration made and all further proceedings under the regulation become null & void.

10 Maintaining places for the disposal of the dead is no doubt one of the duties of a Municipal Council and by straining the wording of S 54 clause (1) it may be possible to bring the present case under it. But the more important point for consideration is - What is the source from which the Expenditure is met - whether from the funds

or from the Municipal funds. If it be entirely from the former it may be difficult to say if it is a public purpose; if, on the other hand, the amount to be collected from the public is only treated as a contribution, the amount of compensation being paid out of Municipal funds, then it will surely be a public purpose.

4. The answer to the question referred will therefore depend upon the resolution of the Municipality bearing on the question of acquisition of the plot.

The acquisition is proposed on behalf of the Sivaganga Math which is stated to have agreed to pay the Cost of acquisition & also capitalized value of assessment of the land. Whether L.A. Rules can be enforced on behalf of the Mathadi, is a point for consideration.

In the Schedule of the Bill, only a portion of S. No 37, is proposed to be acquired. In para 2 the Resolution of the Md Council, the whole of the S.No. is mentioned.

The Govt Solicitor may be consulted as to whether there are instances in which land has been acquired on behalf of such institutions & whether this Bill may be dealt with by them
